

More About Jesus: A Year-Long Bible Study

This year-long Bible study provides you with a list of verses and passages where there are references or allusions of the Old Testament in the New Testament. You can gain a better picture of how the entire Bible fits together by reading and studying one pair of verses/passages each day.

(Note: Verses from the Gospels are not included here because they are covered in the Bible study entitled "The True Jesus" and the lengthy list of verses from Revelation is also not included in this study so that it can fit into one year.)

This list is a modified version of the list provided at <https://www.blueletterbible.org/study/misc/quotes.cfm> which itself is based upon the work of Samuel Bagster and George Pentecost.
